

INSTRUCTIONS FOR THE PHOTOVOICE ACTIVITY

Dear participants,

We would kindly ask you to follow the instructions listed below for the photovoice activity:

- please, split into 4 groups, so that each group will be made of 5 people;
- each group member will be asked to take one photograph concerning a topic dealt with during lectures and create a caption for the photograph of no more than 12 words;
- the group members should gather in the four groups and four group discussions will be activated aimed at selecting the best photograph for each group;
- after having selected the photograph for each group, group members should revise and possibly change the caption for the selected photograph, in order for it to meet the group's preferences;
- each group should create a Word file – not longer than one or one and a half pages – containing:
 1. the name and surname of each group member
 2. the selected photograph with its caption and a short text describing what the photograph represents, why it was chosen and which topic it is linked to;
 3. the non-selected photographs with their respective captions [Please note that the space dedicated to these photos is not included in the one or one and a half pages mentioned above.].
